### C. TEACHING

Personal and Family finance
Issues in Family Resource Management
Retirement Planning & Employee Benefits
Allocation of Family Resources
Health and Financial Issues of Aging Families
Research Methods in Family Science
Theory and Research in Family Economics and Management

#### D. RESEARCH SUPPORT

## **Ongoing Research**

Kim (Co-PI) Vail (PI) 4/15-3/19

USDA Rural Child Poverty Nutrition Center

This project develops the USDA Rural Child Poverty Nutrition Center to foster collaboration and increase participation among related child nutrition programs in persistently poor counties.

Role: Co-PI

# **Completed Research**

Kim (Co-PI) Zurlo(PI) 9/15-12/15

AARP

Retiring Poor in New Jersey: The Projected Expenditures of Government Programs for Older Adults This project estimates the next 15 years' costs of government expenditures on programs utilized by current and future retirees in New Jersey

Role: Co-PI

Kim (PI) 8/13-4/14

The Health Education through Extension Leadership (HEEL) at the University Of Kentucky

Personality Traits, Health Literacy and Health Outcomes

This project investigates how personality traits can boost health literacy leading to positive health outcomes and a mechanism of personality traits to affect health outcomes.

Role: Principal Investigator

Kim (PI) 9/11-5/12

Research Activity Award at the University Of Kentucky

Alternative Motivations for Saving for Retirement

This project is based on an innovative idea: people save for retirement because they feel it is the right thing to do now (feel right now), but not because they expect gain or growth of money in the future. This project proposes a new motivation for retirement savings, and challenges existing motivations of retirement savings such as to support expenses after retirement.

Role: Principal Investigator

Kim (PI) 11/08-10/09

The Health Education through Extension Leadership (HEEL) at the University Of Kentucky Financial Preparedness for Retirement of Lower/Moderate Income Kentuckians

This pilot project examines differences in views of retirement and retirement savings between those with lower and higher SES, and whether SES is related to self-regulatory orientation.

Role: Principal Investigator

NRI 2007-46100-03982 Murray (PD)

9/07-9/08

**USDA** 

Mental Healthiness Aging Initiative (MHAI)

To develop and pilot test the MHAI intervention program to promote and educate County Extension Agents community partners and family members about the role of mental health in old age and to utilize a tool kit of mental health resources to aid with identification and management of mental health problems among elders.

Role: Co-Investigator
